## PLUMBING - HEATING - TANKS APPLICATION / PERMIT

Applicant shall notify this Office of any changes in the information contained in the application during the period for which the permit is in effect. **A permit will be issued when: a) application has been determined to be complete, b) fee has been paid and 3) when proposed work is determined to conform to the requirements of the Uniform Code.** The authority conferred by such a permit may be limited by conditions.

Permit may be suspended or revoked if it's determined that work is not proceeding in conformance with the Uniform Code, with any conditions attached to such permit, or if there has been misrepresentation or falsification of a material fact in connection with the application for permit.

This permit will expire **one (1) year from the date of issuance** or upon the issuance of a Certificate of Occupancy (other than a temporary Certificate of Occupancy), whichever comes first. Permit may, upon written request, be renewed for successive one-year periods provided that a) permit has not been revoked or suspended at the time the application for renewal has been made; b) relevant information in the application is up to date; and c) renewal fee is paid (half cost of original permit).

Additional terms of permit can be found on Schedule of Permit Fees.
