Contractor for the  
City of Johnstown

## Dear City Water Customer,

The city-wide meter register replacement project is now under way! Anjo Construction, the contractor for the city of Johnstown, will be replacing all existing water meter registers with new remote read registers that can be read from the street. Within the next weeks Anjo will be arriving in your neighborhood to begin replacing meters. Please be on the lookout for notices to schedule appointments.

- Time estimated to change the register is 15 minutes.
- An adult must be home during the replacement.

***Non compliance could result in disruption of your water service.***
